# FOR HEART ATTACKS AND SECOND CHANCES

Chest pain that is more painful than usual or accompanied with shortness of breath may really be a heart attack. Don't take chances — the stakes on your life can be too high. See the chest pain experts at Las Palmas Del Sol Healthcare ER.

Our board-certified emergency physicians and certified trauma nurses are here for you with high-quality, expert care and

genuine compassion. With two nationally accredited chest pain centers in El Paso, you'll always have access to advanced diagnostics to treat you and your heart quickly, precisely and effectively.

Whether it's heartburn or a heart attack, you'll be glad you chose Las Palmas Del Sol Healthcare ER.
